SENATE STILL FILIBUSTERS OVER UNSEATING LORIMER; LEADERS TRY TO END WAR

Republicans and Democrats Get Together Late To-Day in Hope of Settlement.

Effort to Agree on Vote on Lorimer and Tariff Board-Reciprocity Not in Deal.

WASHINGTON, Feb. 28 -- An agreement was reached this afternoon for a meeting between Republican regulars and Progressives and Democratic leaders, to be held late to-day to decide on a compromise plan to check the fillouster in the Senate.

It was decided to consider disposal of the Lorimer case and the permanent tariff board.

No mention was made of the reciprocity agreement which President Taft demands at the price of an extra sea-

The fact developed that Senator La Pollette was the chief obstacle to fixing a time for a vote on Lorimer. It was said that he was not unwilling to have a vote, but unwilling to go on record as egreeing to the fixing of a definite time All-Day Tussie.

Legal Skirmishes Until Justice Seabury Has to Excuse Talesmen. BANK WRECKER CASTS OFF

APATHY IN LUNCH HOUR

Confers Animatedly With Sister and Personal Counsel-Jerome Tilts Again With Court.

The Robin jury was completed at 5 o'clock this afternoon with the selection of William D. Grimshaw of No. 456 West Twenty-second street.

District-Attorney Whitman and his predecessor, William Travers Jerome, counsel for Joseph G. Robin, fought a sharp legal duel this afternoon in the Supreme Court over the last juror to be sworn.

Although severely rebuked by the Court for deliberately wasting time and effort, Jerome grinned gleefully and disclaimed anything but sincere devotion to his client. Then he kept on refusing to excuse talesmen for cause until Justice Seabury ordered the unacceptable talesment from the stand. This was his plan throughout the afternoon. Justice Seabury openly declared that Jerome's tactics were offensive to the Court,

Robin underwent a remarkable change of demeanor during the court recess. His apathy disappeared and he conferred with his sister and S. J. Goldsmith, his personel counsel, in animated manner. When the afternoon session began he relapsed into his former attitude of silly nonchalance.

Jerome attempted to spring another novelty in his tactics when the first talesman of the second panel was called by declining to make the pre liminary challenge required in procedure under the statutes. He also declared that he would not challenge peremptorily again either. Justice Seabury replied to the former District-Attorney's added speech about "justice and favors" by assuring him that his client would be safeguarded by the Court.

The Justice then questioned the talesmen as to qualification and bias. Jerome resumed the usual way with the next man up.

Another tilt and rebuke occurre when Jerome "challenged" a talesning as "mentally incompetent" because he had asserted he would use "common sense" in weighing expert tes imony.
